### About **VOEZ**

**VOEZ** is a highly stylized rhythm game developed by Rayark Games and features 3 difficulty levels — Easy, Hard, and Special. In each level, there is a black horizontal line at the bottom of the screen, and notes will fall down from the top of the screen on different note lines. These lines can move horizontally depending on the individual song and difficulty level. The player must either tap, hold, slide, or swipe the note depending on which type of note it is. The game also features a lovingly animated storyline, which unfolds through the Diary feature. As the player completes different requirements, new entries will be unlocked, revealing new story content, locations, and more!
